

HAPPY RETIREMENT!

*It is a bittersweet time for us that we announce the retirement of Bill Dunham, effective December 31st. Bill's Retirement marks the end of an era for Dunham & Deitel Wealth Management. He was a co-founder of Dunham and Deitel and a Managing Partner since the firm's inception in 2016. We are grateful for his vision and commitment in helping to propel us to our present position in the industry and community. While we will miss Bill, along with his unique sense of humor, his retirement is a well-deserved respite, and we all wish him the very best. You can still expect the same service from the rest of the team that you know and trust.*
